PEKING, Friday, June 15.—Gen. Chang Hsun now is dictator. President Li Yuan Hung being little more than a figurehead. The insurgents are calling a convention at Tien Tsin for the purpose of forming a provisional government headed by the dictator.

Gen. Chang Hsun's motives are obscure, but it is believed he is attempting to restore the Manchu empire. He has urged the President to form a Cabinet as soon as possible, but President Li Yuan Hung has refused. He has also urged the National Council similar to that in Russia be established and that a declaration of war against Germany be then made.

Southern leaders of war who are congregating in Canton assert that they will fight for maintenance of constitutional government.

BOWLING NOTES.

YEAR

AND BIG DAMAGE SPREAD BY OJAI FIRE.

Area Swept by Two Uncontrolled Blazes; Shock Kills Women.

Disaster.

The Pacific Coast Bowling Association, which was holding its annual tournament at the Ojai Hotel, was forced to suspend its activities on Saturday night when a fire broke out in the hotel. The fire, which started in the kitchen, spread rapidly and soon had the hotel in flames. The firemen, who were called in at once, were unable to control the fire and it soon had reached the hotel's main entrance. Is She Love Victim, or Merely Duped?

Miss Olga Hartmann,
Who has disappeared after having pseudo-lover, jailed as an embezzler, as
seen by a staff artist.

THREE AND HALF MILLION FOR FREIGHT TERMINAL.

General Manager of Salt Lake Announces Ultimate Expenditure Here for Traffic Accessories will Reach a Large Sum—Santa Fe Plans Block Signal Installation on One Hundred and Twenty-five Miles of Track.

TWO million dollars will be spent by the Salt Lake Route in the first unit of construction on its new Los Angeles freight terminal facilities. Furthermore, General Manager Nutt yesterday announced that this sum will later be increased by possibly another \$1,500,000, making a total expenditure of \$3,500,000 during the next two years on this single great project.

CHARITIES CHIEF NEW COUNTY HOSPITAL HEAD.

NORMAN R. MARTIN, by virtue of his position as County Superintendent of Charities, will today assume full control and management of the Los Angeles County Hospital in addition to his present duties. He succeeds the late Dr. C. H. Whitman. It is understood he will reside at the hospital in the official residence.

BEGIN REHABILITATION OF MEXICAN RAILROADS.

CONSTRUCTION work on its proposed line from the Pacific terminal at Comptel, near Tepic, to Orendover, where it is proposed to connect with the National Railways of Mexico, is projected by the Southern Pacific of Mexico, according to word received here yesterday. The proposed line is through a very rough country. The company has filed with the Mexican government a claim for \$12,000,000 for losses incurred at the hands of the revolutionists during the last few years.

DISILLUSIONED GIRL VANISHES.

After Having Her Sweetheart
Jailed as Embezzler.

Tells of Losing Her Money,
Love and Diamonds.

Heart Tragedy is Sequel to a
Matrimonial "Ad."

After discussing the loss of her diamonds, money and sweetheart in a philosophical manner, Miss Olga Hartmann, who had her bold and gallant German lover, Richard Ehrmann, arrested last Tuesday on a charge of embezzlement, laid her head on her hand and told of her loss. She was not to be found yesterday at her temporary address in this city.

Miss Hartmann, a comely German girl, came to Los Angeles to marry the young man who has a way with women and who, it is reputed, has waxed quite prosperous in affairs of the heart.

At the beginning of the war Miss Hartmann came to the United States. She had plenty of money, but she was lonely. She read an advertisement in a German religious weekly, in which Ehrmann is alleged to have said that he was a landowner in Southern California, and that he had a town house and country home.

One day, she narrates, he suggested it was dangerous for her to wear her diamonds in this city, as they might invite the assault of thieves. He said he was going to the bank and, if she wished, he would place them in a safe deposit box. He returned with an alleged false certificate and also made returns, said to be false, of deposit when she gave him her money to put in the bank for her. She became suspicious when he failed to call one evening and, after investigation, which resulted in the complaint being issued.

A "HURRY-UP" JOB.

Pacific Electric Seeks Permit to Connect with Southern Pacific's Covina Branch so that it May Reach Rock-crushing Plant.

Because the Russell-Green-Poell Company has an order for 3000 tons of crushed rock that it may use unless it gets rail facilities, the Pacific Electric yesterday filed an application with the State Railroad Commission for permission to construct a track to connect with the Covina branch of the Southern Pacific at Baldwin Park, and to operate over that line for a distance of 800 feet.

WHERE HIS INJURIES WERE TREATED BY POLICE SURGEON ZORR, WHO STATED THAT THE MAN WOULD RECOVER.

More than 15,000 gallons of ice cream were consumed by Los Angeles folk yesterday and there was still a craving for more. During the afternoon several of the dispensers ran short, and by evening various places had to disappoint their customers. Ice cream simply was not to be had, although the factories have been running night and day.

FADES INTO LANDSCAPE.

Two Who Fared Forth in Search of
Adventure Meet Large Chunks
of it, but Lose Bankrolls
as Result—Say "Ladies"
of Color Took Them.

Thomas Newman and Dallas Leathen, two friends, set forth in the wee small hours of yesterday morning to find excitement. They did, and lost \$48 in so doing. Incidentally their adventures supplement the record of two crafty and clever pickpockets who have secured a number of victims in one section of the city.

PILOTED FIRST ENGINE.

Old-time Engineer, a Civil War Veteran, Who "uses Up" Locomotive No. 1 for Los Angeles and San Gabriel Road, Passes Away.

Morris W. Reeder, the man who piloted the first engine into Los Angeles over the old Los Angeles and San Gabriel Valley Railroad before it was merged into the Santa Fe, died yesterday morning at the home of his son, Clark Reeder, at La-Manda Park.

EVEN RAILS CURL IN TROPIC HEAT.

YESTERDAY HOTTEST DAY IN
FORTY YEARS.

Hot Tangle Man Sustains Burns
When Steam Tank Explodes—Ice
Cream Shortage Felt as Con-
sumption Mounts with Aero-
planing Temperatures.

Yesterday was the hottest day experienced in Los Angeles in forty years, according to the official records of the United States Weather Bureau. The highest temperature recorded was 105, which equaled the previous high record of June 2, 1878. The lowest temperature yesterday was 69, which is also a record.

TO PROVE RUSSIA WILL STRIKE KAISER HARD.

Petrograd Official Comes to Arrange Remarkable Film Propaganda.

JOHN DORED of Petrograd, a member of Gen. Skobeleff's Committee on Relief, an official Russian organization, arrived in Los Angeles yesterday morning from Seattle, where he landed last week, for the purpose of arranging with a number of motion-picture companies for the production and presentation of a series of pictures taken on the front in Russia, showing the character of the Russian military establishment and depicting a number of scenes from desperate battles in which it has been engaged.

The object of this propaganda is to dispel the impression that has gained wide currency in this country, fostered for the most part by German influence, that Russia is out of the war as far as military strength is concerned. Mr. Dored, who is stopping at the Alexandria, will remain in the United States about one month, after which he will return to Petrograd to resume his duties on the Skobeleff committee.

UNDERGOING REACTION.

In discussing the present situation Mr. Dored said: "Russia may be likened to a giant who has for years been suffering from a malignant internal growth that has been sapping his vitality and checking the normal functioning of most of his physical faculties. When this growth is suddenly removed, as it would have been taken from an individual by the surgeon's knife, there is a natural period when the giant lies prostrate from the shock of the operation. This is Russia's condition today, but the period of convalescence is about over and the new Russian democracy will now assume an offensive that will sweep back all that comes before it."

"The people have scarcely had time to realize the great boon that has been suddenly given to them, but they are rapidly learning that they are free and that to hold this freedom, they must defeat Germany decisively."

"The army is now in complete accord with the new government and is being organized for a tremendous drive that will put heart into our Allies and repay the United States for its friendship and kindly interest in sending to our country such an able statesman and administrator as Elihu Root, whose qualities of brain and heart are fully appreciated by the leading men of Russia."

PLENTY OF FOOD.

"The Russian people are not starved."

THE NEWS FROM SOUTH OF TEHACHEPI'S TOP.

FOR TIME BEING DANGER'S OVER.
Colorado River at Needles Reported to be Falling Slightly.
[BY A. P. MONT WIRE.]
NEEDLES, June 17.—The Colorado River has fallen here today two-tenths of a foot from the high stage reached last night and danger of further flood damage seemed to be past for the present. The river stood at 13.6 feet here today. At Topock, Cal., the gauge showed 19.9 feet of water. During the flood last year the water stood 21 feet at that point.

Suspicious.
THINK SALVAGER WAS MURDERED.
HIS PARTNER AT OCEANO IS TAKEN INTO CUSTODY.
Sheriff's Officers of Two Counties Express the Belief that Missing Man was Killed and His Clothing and Effects Buried to Hide Trace of Crime.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
SAN LUIS OBISPO, June 17.—That John Waxman, a salvager of Oceano, this county, was murdered on a country road about four miles from Oceano, Cal., in Calaveras county, and his clothing and effects buried to hide trace of the crime, is the belief of the local Sheriff's office and the Sheriff's office of the northern county.

Constable Harry Haskins of Pismo and Deputy Sheriff Jeff Johnson of San Luis Obispo have taken German Wohlfahrt, Waxman's partner at Oceano, into custody and are holding him at the County Jail. They declared, however, that description of the man who was last seen in company with Waxman.

Waxman, with an unidentified companion, went to Angeles Camp about four weeks ago and bought up a carload of junk, which was shipped to San Francisco. It was Waxman's intention, the officers have learned, to go to San Francisco and claim the shipment.

A few days later Waxman's horse and rig were found by the roadside a short distance from Angeles Camp. Near by was an abandoned camp fire, where partially burned clothing and other effects alleged to have belonged to Waxman were found. The carload of junk is in the yards of the Southern Pacific in San Francisco, unclaimed.

GREAT CROWDS INVADE BEACH.
Surf for Miles Along Shore Dotted with Bathers.
Seventeen Lives Imperilled by Heavy Tide Rip.
Ocean Park Guards Perform Gallant Rescues.
[LOCAL CORRESPONDENCE.]
SANTA MONICA, June 17.—With hotels, apartment-houses and cottages taxed to their capacity by a sudden influx of week-end visitors at Venice, Ocean Park and Santa Monica, the sand of the beaches was the night resting place of hundreds of people last night and the previous night. It was estimated that the crowd that visited the three beaches, from Playa del Rey in the south to Santa Monica Canyon on the north, reached 70,000.

At the Venice plunge a crowd stood out in the hot sun waiting for a turn in the plunge and a chance to get a surf bathing suit. The line extended for more than a block during the afternoon. This was also true at the Ocean Park bath-house and the Santa Monica bath-house.

The Santa Monica Canyon bath-house and resort, on the edge of the canyon, had the largest crowd since the place opened up.

Thousands of automobiles passed through the beach towns, some stopping, and the Pacific Electric ran three-car trains, three minutes apart, all day and late into the night.

SEVENTEEN RESCUED.
Though seventeen persons were rescued today in front of the Ocean Park bath-house, no serious injuries, nor drownings were reported. A heavy tide, which Head Life Guard Frank Lee for the plunge says was the most severe during the last nine years of his experience, swept the bathers northward toward the Ocean Park pier and dashed them against the piling. He said that the number of near-drownings was considerably cut and lacerated, as was a woman he rescued after she had been dashed against the piling. Otto Benninger, city life guard, rescued Mrs. J. H. Harris of Colton near the foot of Pico boulevard. The woman was 400 feet out.

Mrs. M. G. Scantland of No. 1432 Waterloo avenue, Los Angeles, was struck by a heavy breaker in front of the Santa Monica bath-house. The force of the blow dislocated her knee. She was treated at the bath-house emergency hospital.

Make your reservation at the "Sea Side Terrace" Apt. Hotel, 1641 Ocean Front, Santa Monica, Cal.—[Advertisement.]

THREE BOY SCOUTS ARE GIVEN MEDALS.
[LOCAL CORRESPONDENCE.]
SANTA ANA, June 17.—Three Boy Scouts of the First Congregational Church won medals for selling ten or more Liberty bonds. Arthur Lyon, Jr., sold seventeen bonds aggregating \$150; Miles Crookshank fourteen bonds, \$180, and Horace Strong, ten bonds, \$500.

HEAT WAVE CLAIMS ANOTHER VICTIM.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
SAN LUIS OBISPO, June 17.—The heat wave claimed one victim in this county, Mrs. M. Soto of Lopez Canyon, 21 years old, who died while sitting in a chair, and was found by her husband upon his return home from work. The maximum temperature reported during the past three days was 119 deg.

WATER PLANS WILL BE DISCUSSED.
[LOCAL CORRESPONDENCE.]
VISTA, June 17.—Provisional contracts having been secured for the taking of 600 inches of water, 100 inches more than the amount named at the preliminary meeting with officials of the Volcan Land and Water Company, several weeks ago, a second meeting of the people of Vista and tributary country has been called for Saturday afternoon, June 20, Col. Edward Fletcher, representing the Volcan company, will be present. By that time it is expected that the provisional contracts will call for the delivery of 700 inches of water. The plan is to divert the water from the Pamo system now being installed by the Volcan company, at a point south of Escudido, from whence it would be taken by gravity flow, a distance of ten miles to Vista and tributary country.

CLEANING UP FOR NEW NAVAL STATION.
[LOCAL CORRESPONDENCE.]
LOS ANGELES HARBOR, June 17.—Work has been started on cleaning up the center section of the municipal dock for the new training station preparatory to installing accommodations for 1000 men.

Capt. Miter and Commander J. J. Hunker were in conference yesterday with Engineer Ludlow of the harbor department regarding the installation of water, sewers and partitions. This work will be done by the harbor department for the Navy Department upon a cost and percentage basis, work to start tomorrow. Members of the crew of the U. S. S. McCulloch will assist in fitting up the quarters.

CORONA LIVERY STABLE BURNED.
[LOCAL CORRESPONDENCE.]
CORONA, June 17.—Fire yesterday destroyed the A. F. Hull livery stable together with the contents, and spread to a large barn belonging to Joseph Clapp, containing about twenty tons of hay, besides eighteen sets of harness, several saddles and bridles, one of which was of silver mounting. The barn was burned to death, and two others badly burned.

The livery stable belonged to A. F. Hull, and his loss is estimated at \$4500, with \$2100 insurance. Mr. Clapp sustained a loss of \$4000 and carried but \$1000 insurance.

CONCESSIONS WILL AID RED CROSS.
[LOCAL CORRESPONDENCE.]
SANTA MONICA, June 17.—Plans have been formulated for a comprehensive campaign for the Bay Cities' Chapter of the Red Cross. Both the officials of Venice and Santa Monica will join in the attack on the purse strings of the bay district. On Tuesday parties will be piloted through the amusement districts of Venice and Ocean Park, where various business houses have agreed to give their entire day's receipts for the national order. Mayor S. L. Berkley of Santa Monica, Mayor J. J. Lewis of Venice, Chief of Police Ferguson of Santa Monica and Chief of Police Reynolds of Venice will lead these parties, who will patronize the concessions, as aiding the Red Cross.

Coulter's Dual Removal and June Sale

All merchandise to be returned or exchanged must positively be accompanied by sales check. No goods can be sent out on approval. All special prices are net. Mail Orders will be filled as long as quantities last, but because of the radical reductions, we cannot prepay transportation charges.
